

Celtic Challenge

Step back in time and play the games of our ancestors!

This unique Irish experience is packed full of exciting and fun challenges. Divided into teams, your group will compete in all the events, and will use all their talents, be they brain or brawn, to outwit the other teams. A cracking day out for all!

Horse Shoes: Toss the horseshoe and "RING" the steel pole before your rivals.

Celtic Cross: You know what it looks like. But can your team construct the cross from the cutout shapes first? A great fun team challenge.

Puc Fada: An Irish game derived from the traditional sport of Hurling. Use your enthusiasm to lash the ball as far as you can!

Turf Stacking:

Your team must come up with the plan to build the loftiest tower, and then do it against the clock!

Toss the Sheaf: Fling your hay over the bar. A great fun competition, with precision more important than strength!

Ropes: Come undone! Get yourself into knots by trying to free yourself from your 'partner' – great fun and so simple when you know how!

Wheelbarrow

Racing: Seek out your inner gardener! Race your barrow-

load of hay around the obstacles faster than everyone else to win this challenge.

Nail Banging:

So you think you can do DIY? But can you do it **faster** than everyone else without 'breaking a nail'?

Wellie Throwing: This great fun challenge turns you into a shot-putter. Who can fling their rubber wellie furthest?

Brian Boru's March: Often used as a finale, this relies on great teamwork, leadership and working in tandem to cross the line first. Cheer on your winning team!
