Big Picture

In this creative team building event, guests will work together to paint their own section of a large masterpiece.

More Info

This is an excellent fun team challenge. A coordinated team approach is necessary to produce a masterpiece within the given time frame. Assisted by our event staff giving tips and help all the way, you will be required to paint your own work of art. Though of course you'll have no idea what your painting until the whole team combines their talent and the final "piece de resistance" is unveiled.

How It Works:

- **Introduction and Briefing:** Begin with a briefing from our event manager.
- **Team Collaboration:** Participants work together to create individual sections of a larger artwork.
- **Final Reveal:** The individual pieces are combined to unveil a stunning final masterpiece, showcasing the power of collaboration & teamwork.

Event Type	Approach	Duration	Numbers	Location
In Person	Collaborative	1.5-2.5hrs	10-300	Indoor

Details

We have designed a program that will permit your team to test and demonstrate the importance of communication and co-operation by allowing them to create and paint a giant mural or masterpiece. To be successful your team needs to work together in harmony to ensure the quality of the end product.

To begin you need to agree on a concept and image. The following criteria will inspire your choice.

- Company logo or image
- Specific conference theme
- An image that relates to your product or service
- Brand image
- Recreate a large scale version of a famous painting or landmark

What will happen during The Big Picture?

Prior to the event the whole group will be subdivided into teams. These teams can be chosen by you or we can do this on the day. Each team is then responsible for recreating a painting. The Dynamic Events coordinator will distribute pieces of an

overall picture to each team member, that individual is then given the task of recreating what they see in the piece. When all team members have completed their piece all the pieces are put together to form the bigger picture.

Delegates will be equipped with paints and brushes and the required tools to recreate their masterpiece. Each delegate will also have very little information about the end product which encourages better communication and collaboration.

After each delegate has completed their piece of the jigsaw they are collected and mounted on a large 6ft x 3ft or 8ft x 4ft frame and hidden from view until all the pieces are in place. At the end of the session the giant mural will be revealed.

The beauty of this program is that the finished product will live on as a reminder of the importance of the day and how effective teams can work well together. Either way the work of art is guaranteed to inspire, remind and motivate people to work together long after the day of the event. Previous clients have chosen to auction their pieces at a charity event to raise money and awareness for their chosen organisation. Other

clients have simply donated the painting to their local community group. It is also an ideal way to brighten up wall spaces in the corridors of the local nursing home, hospice or youth club. Please Note: The activity costs do not include a frame for the finished mural, frames can be supplied at an additional cost if required.
