BROCHURE

Game Changing Experiences

Online, In-Person & Hybrid.
Corporate event and team building specialists

In Person Team Building

Traditional, in-person team activities where we have an event manager and support staff physically at the event.

Hybrid Team Building

We can have physical and online participants at the same time. Some people will be together and others will dial in via video conference.

Online Team Building

We connect remote teams through engaging virtual experiences, interactive games, and dynamic online team-building activities.

What our clients think

EXPERIENCE

We deliver over 1,000 events annually and have been lucky enough to work with some of the world's biggest organisations, globally, from a broad range of industries.

"We have used Dynamic Events for the Aircraft Leasing Ireland, Global Aviation Sustainability Day for the past two years. The entire team are professionals, in their design options for staging to stakeholder management to proactive problem solving."

HUGE THANK YOU to all of you! It was such a great organization that every single person who joined had an amazing time - we really appreciate your professionalism and the fun you brought! We received such great feedback and we will for sure recommend Dynamic Events to any other Google teams."

"The team at Dynamic Events were amazing and so professional. Their advice and support throughout the process was priceless"

It was INCREDIBLE! Very well run and the music taste was just perfect. Thanks for an enjoyable evening, looking forward to the next event already!

"We regularly use Dynamic Events for our team events and they always deliver a first class experience. Be it onsite or remote, they never fail to deliver an interactive fun event. Couldn't recommend them highly enough."

"If you are looking for a really fun, engaging and well planned event for your team then look no further - Dynamic Events are truly one of the most professional organisations I had the pleasure to work with"

FORMATS AVAILABLE & PRICE GUIDE

Formats Available

Fully Managed

In Person with Remote Host

Online

Self Run

We can deliver team building solutions to you in different formats depending on your circumstances. Most events will have a **set up fee** and a **player fee**. The **set up fee** is determined by the format you require and will include an event manager to host your event. The player fee is determined by the activity you choose. Some events will have a transport fee depending on the location of the event.

IN PERSON - FULLY MANAGED

A fully managed event is where we have an event manager and support staff physically attend your event at your office, hotel or venue.

IN PERSON WITH REMOTE HOST

A remotely run event is where there is no need for an event manager on site. All of the participants are together in a hotel, conference room or office. We deliver the briefing and results via video conference and support the activities remotely. Our event manager will remotely monitor your event online to ensure everything is running smoothly. A **HYBRID EVENT** is where we can have in-person and online participants at the same time. Some people will be at the event venue and others will dial in via their own video conference.

ONLINE & VIRTUAL

An online or fully virtual event is where all participants, host and support staff attend via their own video conference connection (i.e. a Zoom/MS Teams/Webex/Hangouts call).

SELF RUN

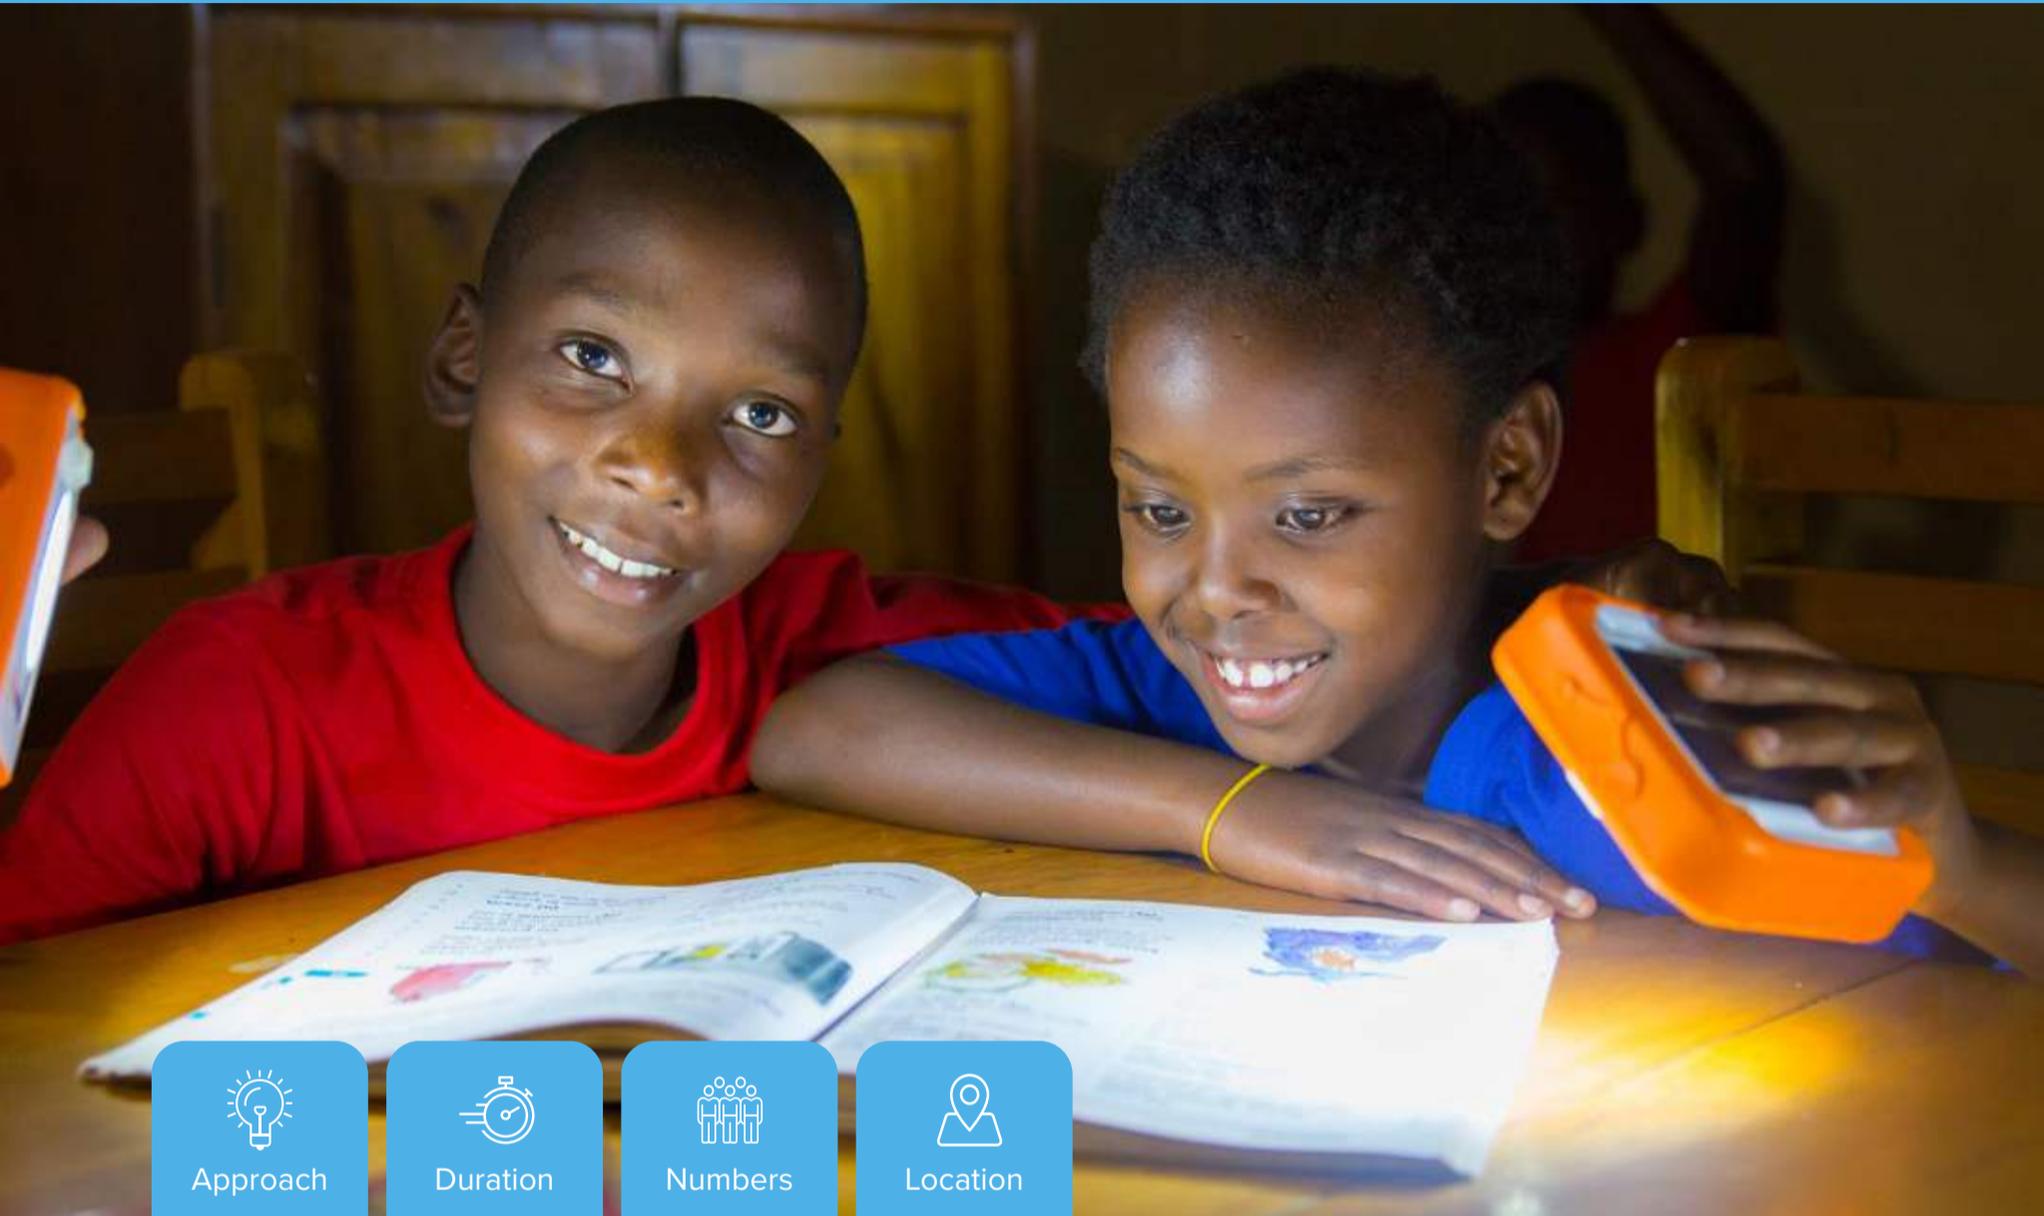

A self run event does not require a host at all. One of our experienced event managers will meet with you and the team captains in advance of the event to run through how the event works and to deal with any questions you may have. We set you up for success by giving you the knowledge and confidence to enjoy a great event while providing dedicated phone support for the duration of your event.

MORE INFO

Each participant receives a light-building kit and is guided through the process of assembling a simple solar light—an act that has the power to change the life of someone living in energy poverty. Participants also have the opportunity to write a personal letter to accompany the light.

This hands-on experience highlights the positive global impact your team can achieve by working together under the banner of your organisation, making it a truly powerful team-building tool.

Once assembled, the lights and letters are collected and distributed to children around the world who are living in energy poverty. This unique event leaves your team feeling empowered and inspired, with a renewed sense of purpose in their organisation and its collective potential.

MORE INFO

In this creative team building event, guests will work together to paint their own section of a large masterpiece. Each guest will paint an image which when put together will form one enormous masterpiece, a perfect way to brighten up the office!

The masterpiece can incorporate elements of your company's brand with it's colours or logo, or can be an iconic artwork or landmark.

Often we need to step back and look at the bigger picture. This especially applies people in their day to day business routine in any organisation. This program is an opportunity to break out of normality and work loosely and expressively in a relaxed environment. This psychologically beneficial exercise will boost morale and enhance team spirit. The production of a colourful final product makes this a fulfilling exercise in which guests must work together to ensure a quality end product, and share their pride together.

Dive into corporate competition with our energising team-building activity—a blend of creativity, communication, and strategy. Teams create, market, and pitch a product, showcasing business skills and entrepreneurial flair. Think Dragons' Den.

Why It Works:

Teams quickly identify strengths, with members taking on roles like project manager, marketing lead, finance, and design. They tackle three phases: logo design, ad creation, marketing materials, customer interviews, and building a prototype with gathered materials.

Pitch to Win:

As the competition heats up, the top teams on the leaderboard are invited to pitch their product to their peers. Using our app's technology, the group votes for the winning team, creating a thrilling and high-stakes finale.

MORE INFO

While on a planetary exploration mission, you and your team find yourselves in the eye of a sudden geomagnetic storm! As your spacecraft takes on damage and emergency protocols fail, your team runs out of oxygen, quickly falling unconscious. When you awake, you seem to have crash-landed on Earth, but all is not what it appears to be...

Your surroundings feel eerily close to home, but something just isn't right. To make matters worse, your spacecraft is badly damaged and missing several parts. With the help of your craft's AI virtual assistant, you and your team must race against the clock to find the parts that will repair your spacecraft and get you back home. But beware, curveballs exist on this strange planet and they're a risk to your all-important life points!

Ski season has returned and you're ready to hit the slopes when your trip suddenly takes a deadly turn off-piste!

A murder investigation is underway and the killer is yet to be caught. With the clock ticking and the case on thin ice, you must swap your skis for a magnifying glass and uncover the truth...

You and your team are staying in a ski chalet deep in the woods when, out of nowhere, a raging avalanche hits. In the aftermath, you discover a body buried in the snow outside. Upon closer inspection, it soon becomes clear that the avalanche was a cunning cover-up for a cold-blooded murder! Who could have done such a thing and why?

There's 'snow' time to lose! You and your team must work together to gather all the evidence.

MORE INFO

Looking for a virtual St. Patrick's Day event that best simulates a fun team night out? Our Scramble event is designed to be a fun networking themed event, replicating the craic and fun that comes with St. Patrick's Day.

Unlike other virtual game set-ups in which participants work in set teams, the Scramble allows participants to interact with a different set of colleagues in each game round.

All of the various types of Scramble challenges (trivia, brainteasers, photo, video) are designed to give your team members some short, but quality time, to bond, compete and laugh together with as many colleagues as possible.

Hosted via video conference by one of our virtual event managers, gameplay will take place on our mobile app with points being awarded throughout the game!

High energy online party experience with an exciting twist on bingo. The standard bingo format has been replaced by much-loved music clips and party games.

Driven by a high energy host on Zoom the standard bingo format has been replaced by much-loved music clips and party games.

Instead of your boring old numbers being called out in a normal game of bingo, we've replaced them with 15-20 seconds bursts of the most toe-tappin', bum wigglin' sing along songs from the past and present. All music is provided by our online MC/DJ.

All of the above is hosted on our Zoom platform and we provide event managers and game support on the night to run the show remotely.

- Juggling Workshop
- Casino Night

Caricature Workshop

Hosted by leading caricature artist Niall O'Loughlin, he will provide some tips on how to use shapes when drawing and the idea is that everyone present will draw each other.

During this time you will be encouraged to ask questions and Niall will help everyone along with their drawing.

At the end of the event, Niall will choose the best drawing from the group and as their prize, he will live draw them on screen by sharing his tablet. This will allow the event to finish on a real high.

Wine Tasting Online

Wine tasting online is a new way of connecting with your colleagues who are working apart. We deliver the wine straight to your home address and we have a huge selection to choose from.

The virtual wine experience is hosted by our wine expert who has been working with wine all over the world for nearly 20 years.

This is a great way for your team to socially connect, wind down and have a laugh after a long week at work.

Online Juggling Workshop

The Online Team Building Challenge is offered to corporate clients for their staff, which is conducted over Zoom.

Its goal is to use Juggling as a skill to be learned in a specified time by participants who are then scored against each other in teams.

This is an online, fun, social and lively activity which has a number of benefits for the client and participants.

The event can be done as a stand alone activity or as part of an overall online social event.

Casino Night Online

Poker, Black Jack and Race Nights, our casino is night is an entertaining online social experience designed to connect colleagues while they are working apart. Connect with workmates from your office or around the world using our virtual casino platform.

We look after your event from start to finish. Our recommended video platform is Zoom. Each player is provided with a spot at the table complete with their name and a stack of chips. Our experienced event croupiers explain the rules before each game. The goal is to accumulate the most amount of chips in the given time.

Online Mystery Beer Tasting

The online Mystery Beer tasting includes a selection of premium Irish craft beers delivered to your door. We replace the labels to make them a mystery. We then lead the group on a blind online beer tasting experience via video conference.

Group participation is key (and usually hilarious too!), as we discuss beer styles, flavours and aromas. We use a range of interactive online tools to engage the audience in the event.

The event is fun and informative where you can learn about beer tasting as well as discovering some new beer styles.

Whiskey Tasting Online

Online Whiskey tastings are a fun exercise that can be enjoyed by colleagues while they are working apart.

This fun and social online experience is thoroughly enjoyed by all nationalities, male and female, young and old - and you don't have to be a whiskey lover to appreciate it!

We send all of your guests their own personal tasting kit to their homes in advance of the event. We set up a Zoom link or your preferred video conference so your guests can tune in.

Custom Made Solutions

Bring your brand values
or company culture to
life through technology
and engaging gamified
content.

Custom Made

WHEN TO CHOOSE CUSTOM MADE

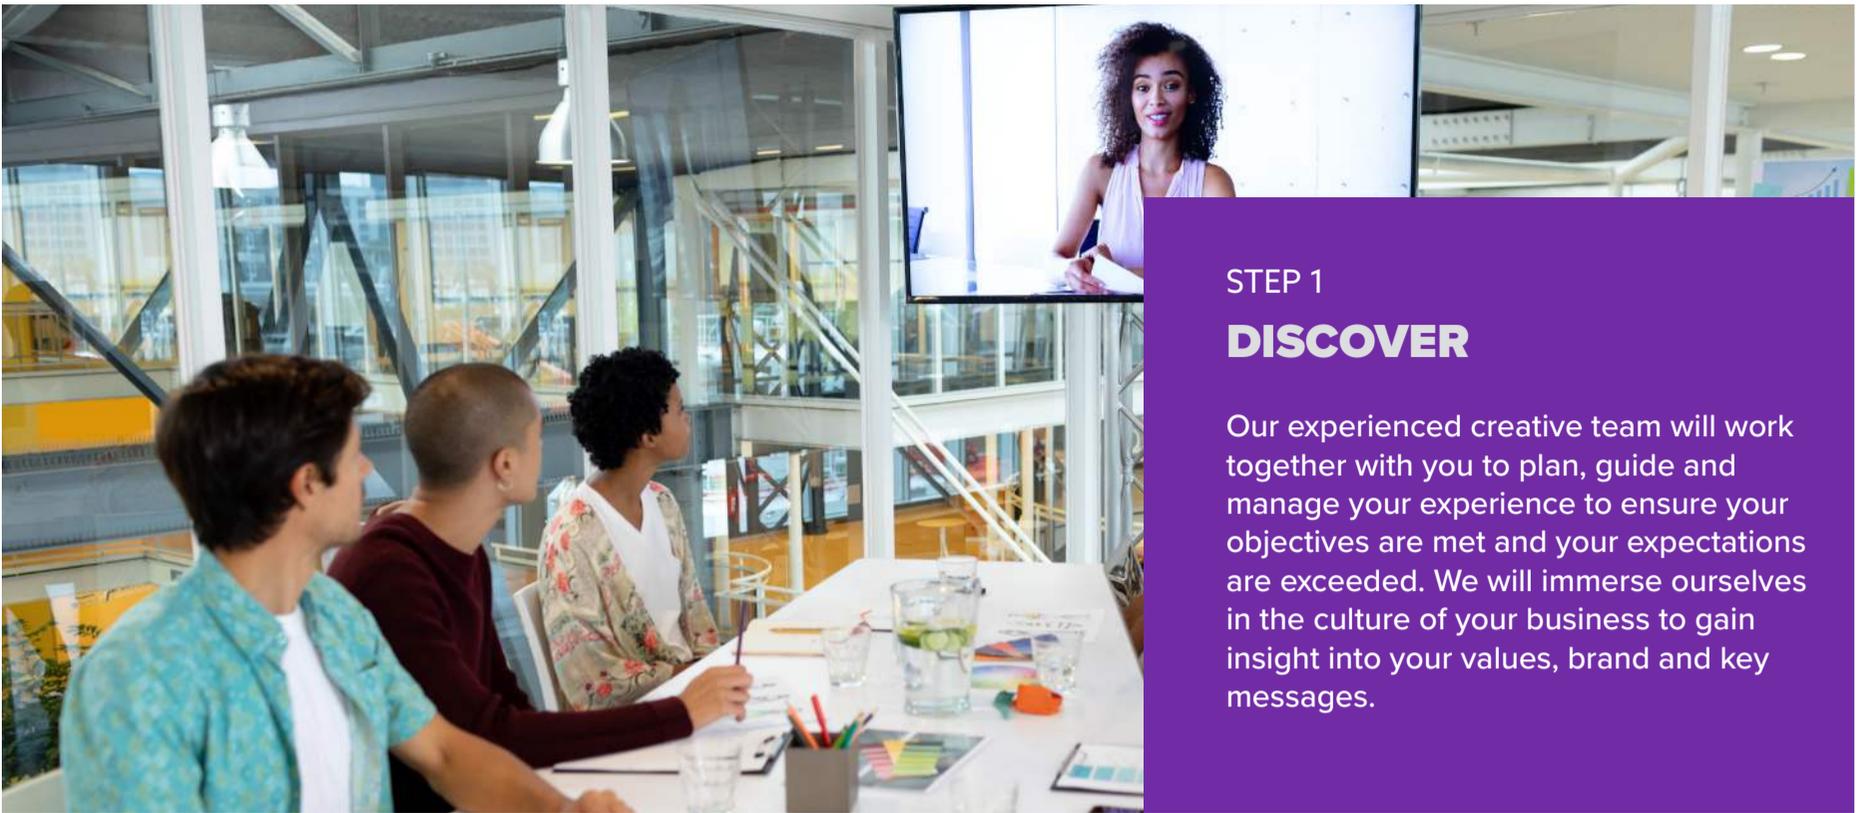

- You want your experience to have a clearly defined focus—whether it's a new product launch, a brand activation, an internal communications initiative, or even an exhibition engagement tool.
- You'd like to include personalised multimedia content featuring key stakeholders within your business.
- Your Senior Executives are looking for specific, measurable outcomes from the event.
- You want this event to stand out, creating something distinct from anything you've done before.
- You're seeking an experience that aligns seamlessly with your core business messages.
- You're looking for a solution that weaves your content throughout the entire event, creating a cohesive and impactful narrative.

THE SOLUTION

If you're looking for a tech-powered solution to bring creativity and energy to your content and programmes, Dynamic Events Custom-Made could be just what you need.

We know people learn best through memorable experiences. At Dynamic Events, we design customised team activities that reflect your company's culture and brand while supporting your business goals. Our events are all about helping teams engage, connect, and learn.

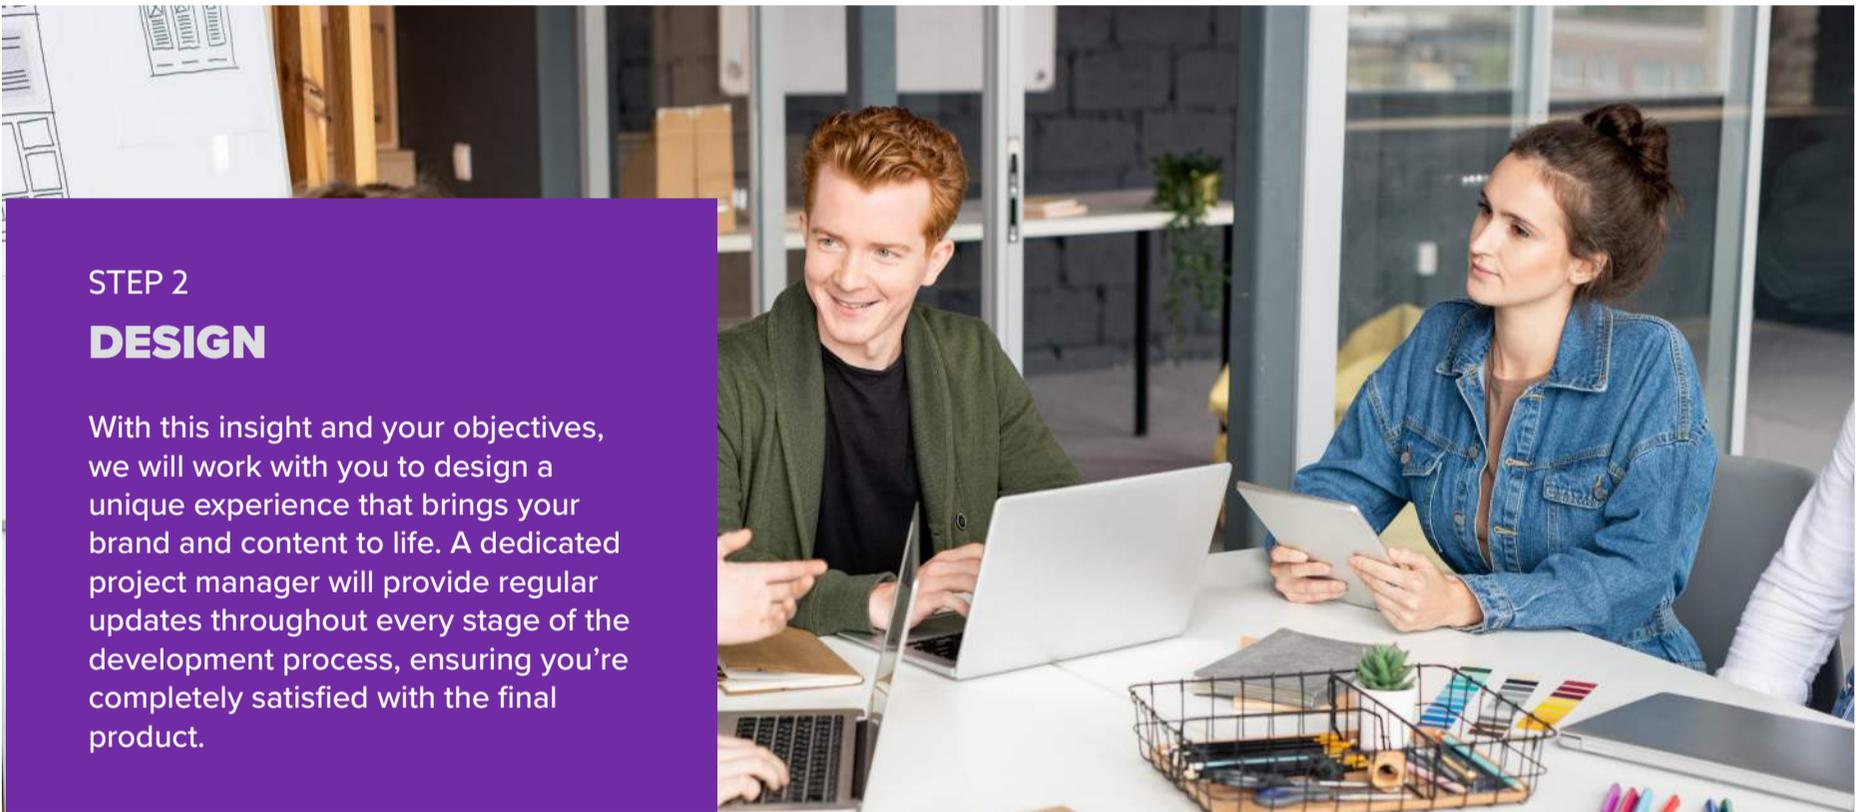

Whether your team is 50 or 5,000 strong, based in Ireland, the UK, or anywhere in Europe, we've delivered custom solutions in all kinds of settings—from beaches and remote islands to world-famous museums. Some events last a few hours; others span days. No idea is too big for us!

STEP 1

DISCOVER

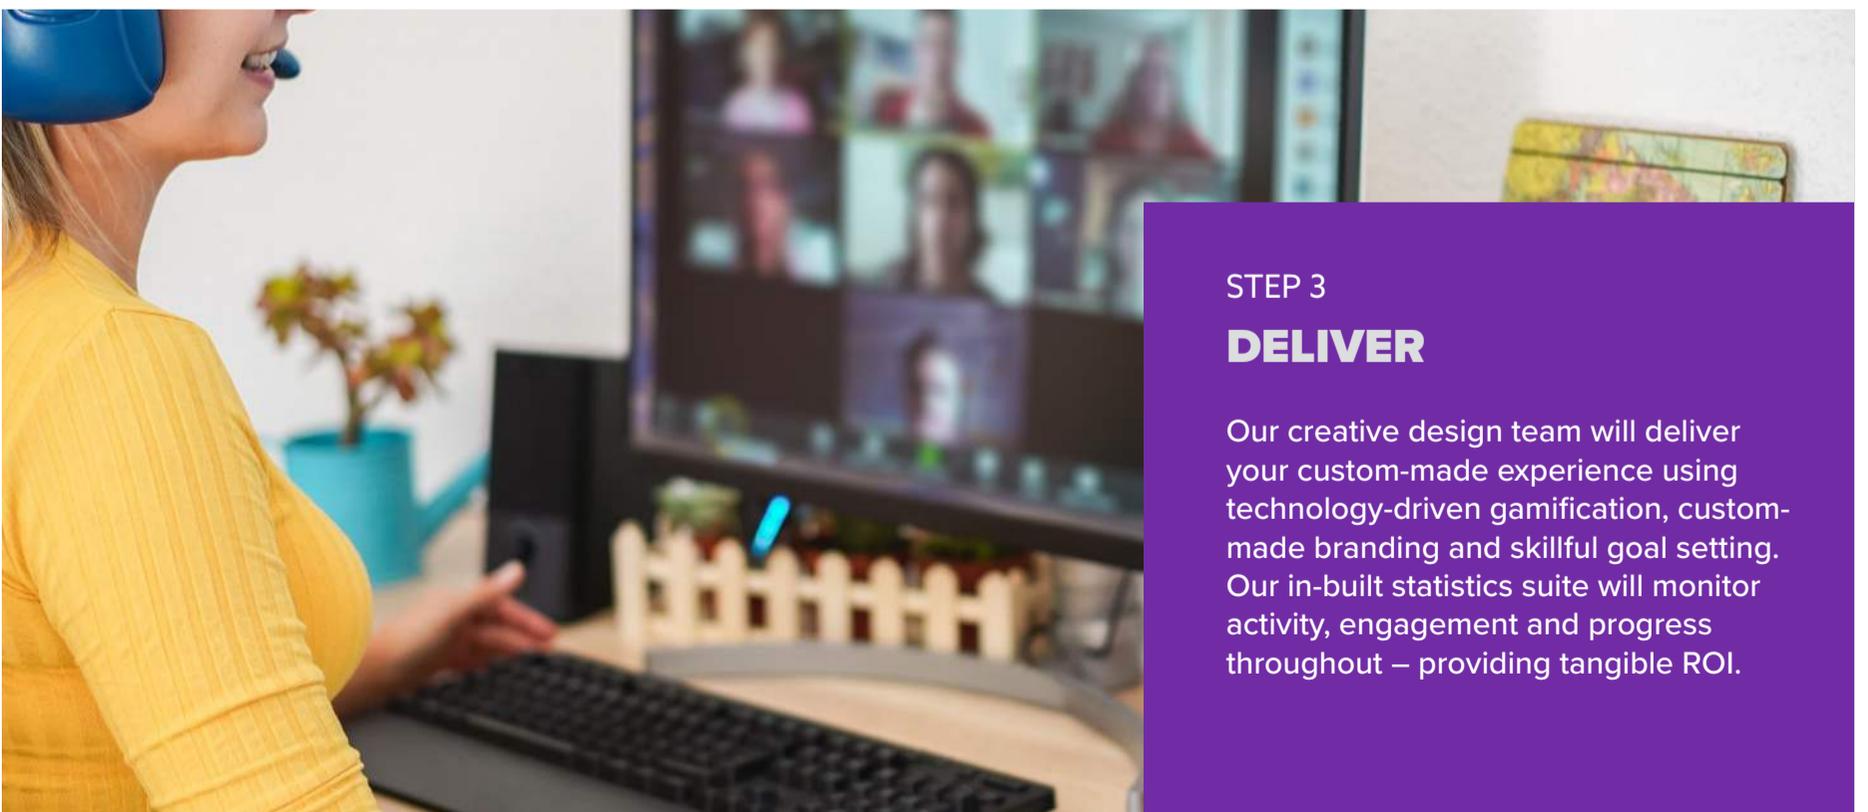

Our experienced creative team will work together with you to plan, guide and manage your experience to ensure your objectives are met and your expectations are exceeded. We will immerse ourselves in the culture of your business to gain insight into your values, brand and key messages.

STEP 2

DESIGN

With this insight and your objectives, we will work with you to design a unique experience that brings your brand and content to life. A dedicated project manager will provide regular updates throughout every stage of the development process, ensuring you're completely satisfied with the final product.

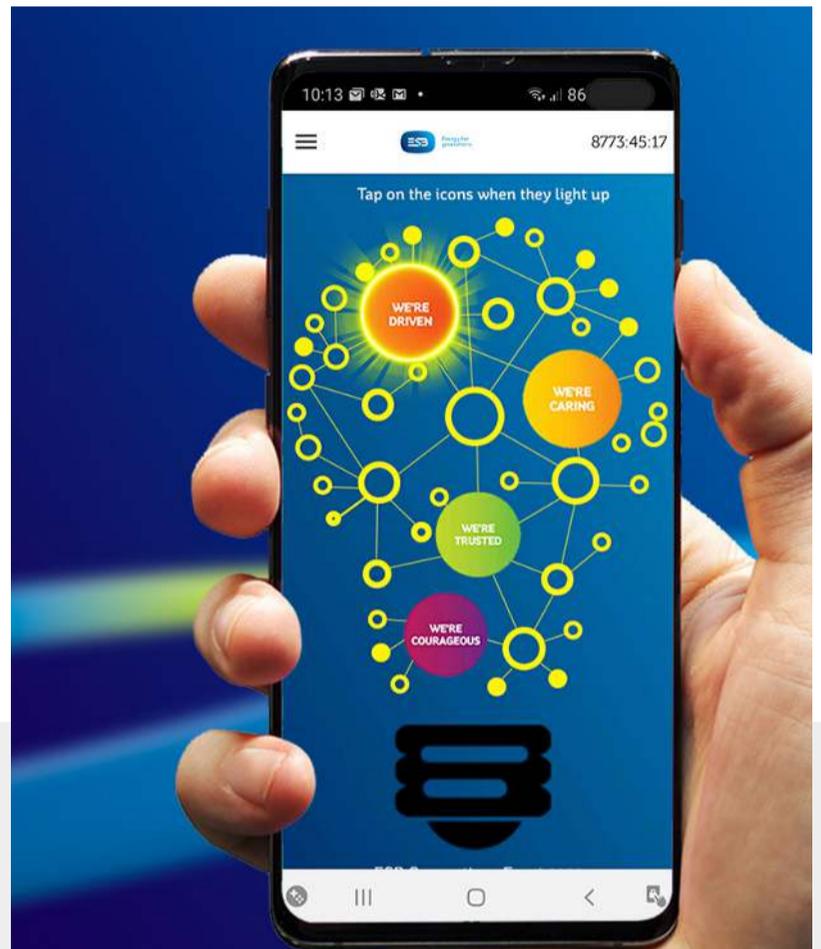

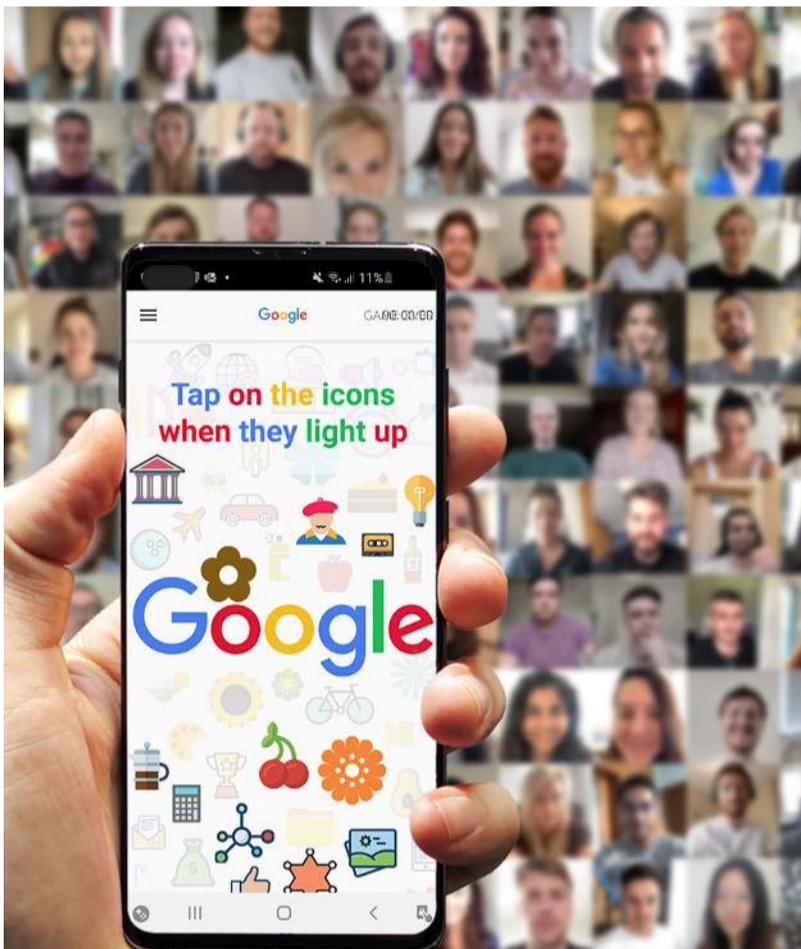

STEP 3

DELIVER

Our creative design team will deliver your custom-made experience using technology-driven gamification, custom-made branding and skillful goal setting. Our in-built statistics suite will monitor activity, engagement and progress throughout – providing tangible ROI.

CLIENTS

INTERACTIVE WEBINAR & CUSTOM GAME

AGENTS OF CHANGE INTERNATIONAL YOUTH SUMMIT

We broadcast an interactive webinar to an audience of 5,000 people and created a bespoke app based challenge as part of Concern's Agents of Change International Online Youth Summit.

We were delighted to be able to build their very own custom game on our award winning App which help engaged students from all over Ireland (and overseas) to learn about the Sustainable Development Goals (SDGs) and other important areas such as hunger, poverty, gender equality, conflict and climate change.

VIRTUAL FUNDRAISER

VIRTUAL FUNDRAISER IN AID OF DOUBLE H RANCH

Covid 19 has restricted the ability of charities to raise vital funds over the last 18 months. We partnered up with Double H Ranch to raise funds through a fun and engaging online event.

We created an interactive custom game based on the charity's look and feel. Double H Ranch invited their corporate partners and clients to join the event for a fee.

The virtual event was a roaring success. 37 teams in total took part, all participants coming from the greater New York area.

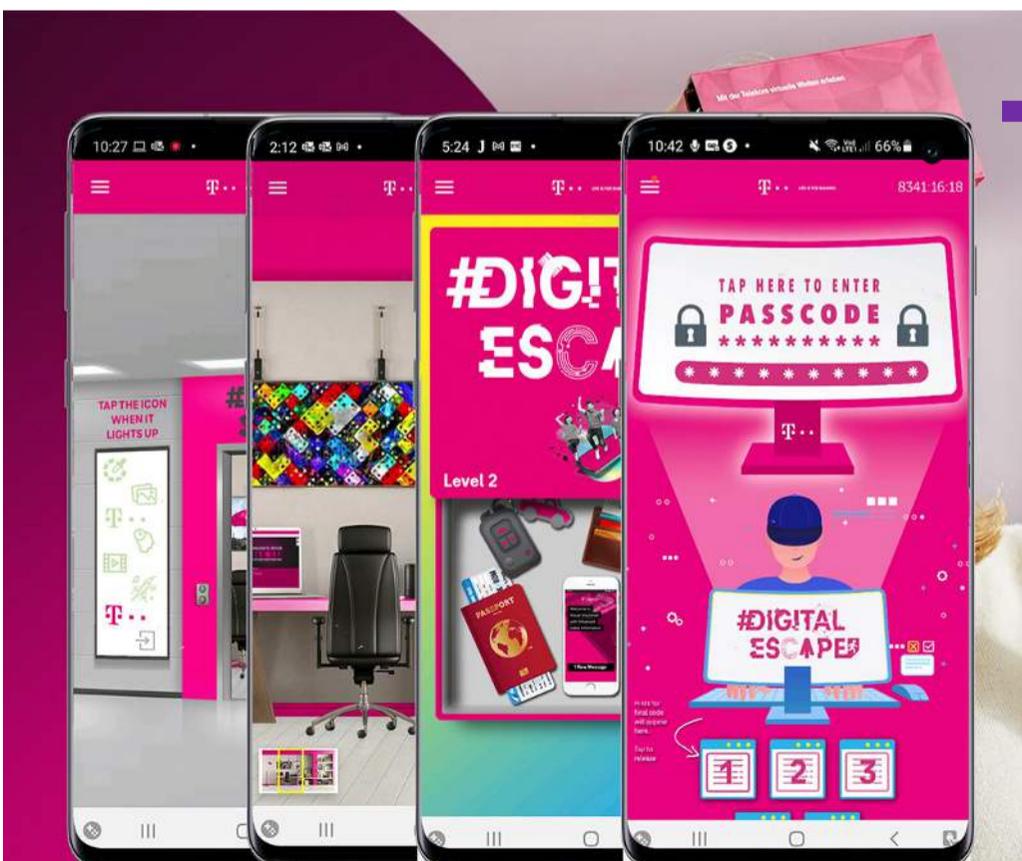

ONLINE COLLABORATION FOR COMPANY STRATEGY

DIGITAL ESCAPE ROOMS FOR DEUTSCHE TELEKOM

We created a totally new learning experience called the DT EU Digital Escape Rooms. We brought in our web development partner to create a customised registration, website and booking platform to compliment the project.

Once registration was complete, players were assigned into international teams. Their quest consisted of an 8 week learning journey played out over 4 different levels. The learning elements and different challenges needed to be solved in order to progress to the next level. The challenges were created to test team work and creativity. The gamification element helped leverage the key messages around strategy.

GLOBAL ONLINE TEAM SOCIAL

VANGUARD ONLINE SUMMER EVENT

Our in house design team created custom branding which incorporated the Vanguard colours and logo into the app.

We decided to use our Around The World challenge with a Vanguard twist. We changed the countries in the game to the countries in which Vanguard has offices.

Our ability to customise our app based games in terms of branding, game design and custom questions is what set us apart and allowed us to win this event. Our brilliant sales and operations teams made the experience very easy and straight forward for our client.

EMPLOYEE ENGAGEMENT CAMPAIGN

SPRING INTO WELLNESS - WORKPLACE WELLBEING FOR WAYFAIR

Spring into Wellness for Wayfair was a 4 week employee wellbeing and engagement programme we designed, developed and delivered to 2,000 employees across Wayfair's EU operations. The idea of the campaign was to energise the employees while they were working apart using competitive challenges on a daily basis.

The competitive element helped drive participation and engagement with the 1,124 players split into 72 teams across 8 scoreboards

The photos were scored and saved into a presentation for the players to share, creating a lasting memory and plenty of fun!

VIRTUAL FUNDRAISER

ONLINE FUNDRAISING EVENT FOR BARRETSTOWN

Covid 19 restrictions meant that live fundraising events had to be cancelled. This had a detrimental effect on charity fundraising events so we developed an idea to help charities bring events online rather than cancel.

At the beginning of May & June we provided online fundraisers for Barretstown which brought together 400 people from 60 different companies to raise money for families when they needed it most.

The pilot event was so successful we rolled out another 3 events for Barretstown.

ONLINE CONFERENCE GAME

GOOGLE PRESS-PAUSE DAY

Every year Google creates a one day experience designed to give their employees space, time, tools and support to make the changes in their life that are well overdue.

This year they needed a solution to bring this event online so we created a special custom made team building activity that was delivered through video conference and our award winning app.

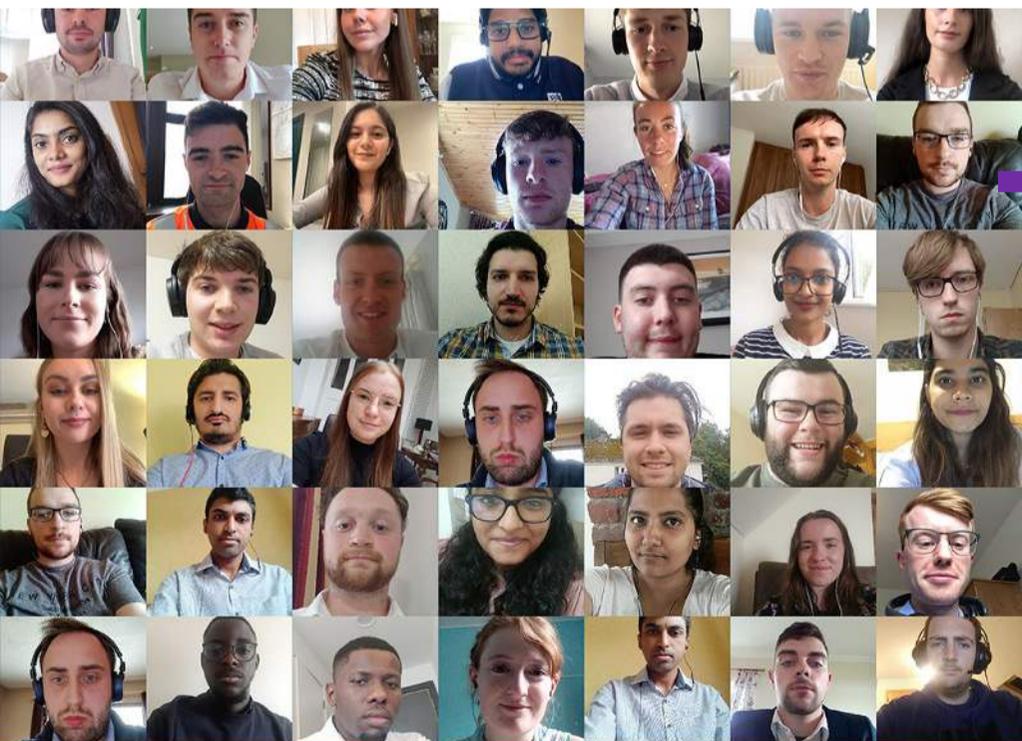

ONLINE CONFERENCE GAME

HIGHWAYS ENGLAND SAFETY GAME

Online conference game to help communicate and educate audience about reducing risk on the highway network.

Highways England are a government agency charged with operating, maintaining and improving England's motorways and major road networks.

We created and delivered a safety game to help communicate their key messages to their staff over a number of weeks through a series of online events.

ONBOARDING

ESB CONNECTIONS EVENT

Programme of online events to onboard and orientate new employees who are all working from home.

As part of the ESB Brighter Future programme for their new graduates, we developed some ideas and a structure to move their events online and bring them to life by connecting new graduates, remotely using gamification and smart technology.

The objective of the Connections event was to get the new employees familiar with one another and to have some fun together.

ESB Connections Event 2020

LEARNING & DEVELOPMENT

IRISH LIFE - ACCELERATE L&D PROGRAMME

Corporate Business Accelerate Programme to bring together learning and focusing on behaviours using event technology.

We delivered an immersive experiential learning event for Irish Life by integrating our event technology and Trading Table team building activity into a day of learning.

The custom made “Trading Table” game focused on strategy, sales, competition and most importantly collaboration.

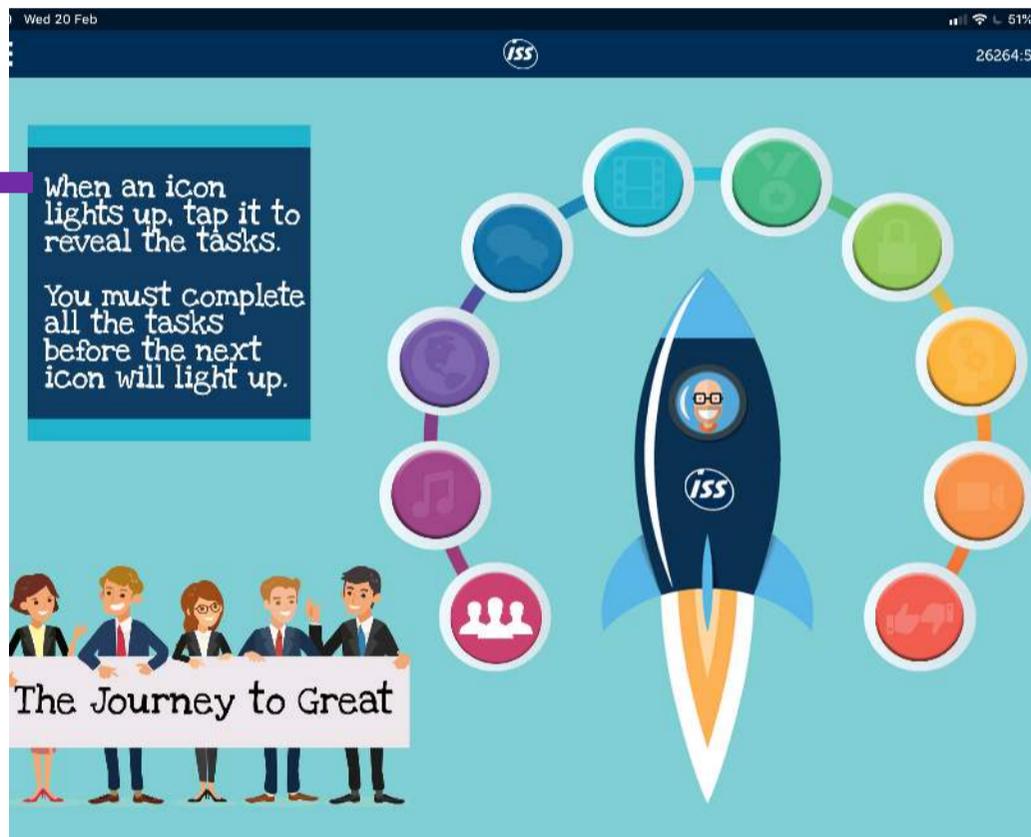

BUSINESS STRATEGY MEETING

ISS - THE JOURNEY TO GREAT

We used our technology to design and deliver a strategy planning meeting for 20 senior management by focusing their vision and goals for the next 4 years.

We designed a series of team tasks and challenges to help facilitate different workshops throughout the day.

The event culminated in the teams scripting and filming their best “Elevator Pitch” . All 5 pitches were viewed back and voted on through the app. The best bits of all 5 were identified and a final collaborative pitch was agreed on that could be rolled out to all the departments

ONLINE TEAM SOCIAL EVENT

CHRISTMAS CRACKLES FOR KELLOGGS

An end-of-year online event to bring together 100 colleagues who work across 30 countries in Europe. The event was to be fun but at the same time make reference to the company’s brands and products in the game.

We created their own interactive game screen and loaded the game with customised multimedia challenges and content designed to communicate to the participants in a fresh and engaging way.
