Escape: Festive Edition

Join forces with Santa to save Christmas before time runs out, encouraging team building and staff engagement to ensure a successful mission!

ESCAPE: Festive Edition

More Info

This is the perfect Team building Corporate activity to get you and your staff into the festive spirit, whilst encouraging healthy competition amongst staff members.

Your time in Santa's Workshop has been filled with ups and downs, but as Santa makes his way to his sleigh ready to begin his worldwide festive deliveries, you spot his naughty/nice list - he's forgotten it! Your chance for redemption has arrived!

All the doors have automatically locked behind him so you need to work your way through the building by cracking a series of codes and brainteasers and escape to the runway. Return Santa's list to him before the time runs out and he leaves the North Pole!
