Level Up

Get your team energised with Level Up!

More Info

Level Up is a fun social event. It can be played in any space, indoors or outdoors.

Packed with questions, challenges and loads of fun, teams have 10 levels to work through, with each passing level becoming more and more complex. However – the higher the level, the higher the points!

Most importantly, teams will have loads of fun and feel motivated.

				
Event Type	Approach	Duration	Numbers	Location
In Person	Fun	60-90mins	8-250+	Indoor

What is Level Up?

The aim of the game is simple, your team must score as many points as possible before time runs out. There's something in this activity to suit all ages and abilities. It's fun, frantic and enjoyable.

Packed with questions and challenges, teams have nine levels to work through. As teams progress through the levels they gradually get more difficult. However, the more difficult the challenge the more points on offer.

This activity focuses on team strategy. Teams are forced to make a decision between choosing quick fire "easy" challenges for a low reward or will they take their time to work together on completing the more "difficult" challenges for higher points.

Within each round is a series of tasks or challenges. The challenges vary and cover many topics to include picture rounds, audio rounds, video rounds. We also integrate photo and video challenges. For example, your team might be tasked with building and testing a paper aeroplane or by recreating a scene from a movie and film it!

All this footage is captured during the event which is shown back at the end as a photo presentation or wrap up video.

This fast paced activity will test team's delegation, time management and strategic planning skills while having a huge amount of fun and engagement with each other in the process.

Level Up will promote strategic and creative thinking, encourages collaboration and will help improve the team's ability to problem solve and increase productivity.

Support, planning and event management

Level Up is a fully managed event meaning that our dedicated and experienced team will work with you before the event, to help put together your game.

On the day, our event staff will be on hand to deliver an event briefing; offer guidance and support (but no clues!) and after the event to provide an eagerly anticipated wrap up photo slideshow with all the photos and videos that has been produced by the teams during the event.

Other Features
